

NEGRO PROBLEM AND THE BRISTOW REPORT

House Members Divide Their Attention Between Race Question and Postal Affairs.

WASHINGTON, March 16.—When the House met today consideration of the postoffice appropriation bill was resumed.

Mr. Splight (Miss.), discussed the negro question in the South and said he desired to vindicate that section from the charge of barbarism within the South. He said the negro had been denied the right to vote and to hold office, "not the right to work for an honest living as had been done in the Northern States."

"We sometimes kill them for outrageous crimes," he said, "but never because they want to work."

As for lynching he said, sometimes they have necessarily occurred in the South. He referred to the Wilmington, Del., lynching last year and to the subsequent attacks on the negro settlement. This never occurred in the South, he said. "When the guilty white has paid the penalty of his awful crime, there is an end of it."

LYNCHINGS IN THE NORTH.

"The mob is satisfied and does not wreak indiscriminate vengeance upon the innocent because they belong to the same race as the criminal." He said that, unlike the people of the North, the people of the South "don't come out with a torch in one hand and a gun in the other and pointing the gun at defenseless women and children, shoot them as they flee for their lives."

He said this had occurred in New York city in 1900, and he referred to a number of lynchings which had occurred at the North, including those at Danville, Ill., and Springfield, O., and said, "Such race prejudice finds no place in Southern hearts."

Mr. Splight spoke of the attempt of certain white persons to put the negro on a social equality with themselves, and referring to the occasion when Booker T. Washington dined at the White House with President Roosevelt, said that "this one incident had done more to inflame the passions of the negro and give him a perverted idea of his importance and his near approach to social equality than anything that had been done for the last ten years." He said Booker T. Washington had sat down to dinner with the President "as graciously as if he had been the Governor of New York." It was, he continued, "sorry that Mr. Washington did not have more sense and self-respect than to accept the invitation. It would have been infinitely to his credit and he declined. The more the negroes are put on a social equality," he vigorously asserted, "the more dangerous becomes their position and the surer death by violence will overtake them sooner or later."

BRISTOW REPORT AGAIN.

The granting of subsidies to railroads for carrying the mail was vigorously opposed by Mr. Robinson (Ind.), who characterized them as a stain and blot upon the bill.

The alleged Bristow report, reflecting on members was bitterly attacked by Mr. Pearce (Mo.).

The Bristow report, he said, was a "lot of slush and stuff" gathered from the waste baskets, and was "a report the percentage of which no one would acknowledge."

Mr. Crumpacker (Ind.) took up the subject of appropriations for special mail facilities granted certain railroads and said they were nothing short of a mere gratuity to certain cases.

General debate on the postoffice appropriation bill was closed by Mr. Gaines of Tennessee, who opposed mail subsidies to railroads.

A number of pension bills were passed, as also was a bill authorizing the Commissioner of the General Land Office to transmit original papers to be used as evidence in certain cases.

At 5:20 o'clock the House adjourned.

Routine Occupies Senate.

WASHINGTON, March 16.—The Senate today passed without discussion the joint resolution authorizing the President to negotiate with the Government of Great Britain to secure a review of the regulations for the catching of fur-bearing seals in Alaska, so as to obtain an abatement of the killing of female seals, and thus preserve the seal industry.

The following bills were passed: Appropriating \$40,000 toward the erection of a memorial of the landing of the pilgrims at Provincetown, Mass.; authorizing the establishment of a fish culture station on Black's fork of the Green river, Wyoming.

The Senate then went into executive session. At 4:50 p. m. the Senate adjourned.

That Pettit Case Again.

WASHINGTON, March 16.—The statement made by Postmaster Warfield of Baltimore that former First Assistant Postmaster-General Heath was responsible for placing the name of John W. Pettit on the rolls of the Baltimore office was discussed today at the meeting of the Senate Committee on Postoffices and Postroads. One of the members of the committee called attention to the publication of the statement, and suggested an inquiry concerning its correctness. Pettit's name has been on the roll for six years and the Government is now seeking to recover from Postmaster Warfield's bondsmen the amount thus paid, the claim being made that he never performed any duties in the Baltimore office.

From the discussion in the committee, it is apparent that the question will come up at a subsequent meeting. It is said that Senator Gorman will direct an investigation in the interest of the Baltimore postmaster, who declares that when he was commanded in a letter from Heath to put Pettit on the pay-rolls he did so, thinking that Pettit may have been assigned to some outside employment of a secret nature.

When shown the above, Mr. Heath stated that several months ago he wrote a letter to the Postmaster-General in reference to the employment of Mr. Pettit, in which he said that there was nothing different from what to any other appointment he had made; that he had had no personal interest in the appointment, which was made upon the recommendation of some one in the regular manner, and that he understood Mr. Pettit had been borne upon the roll of the Baltimore postoffice for two or three years after he (Mr. Heath) had left the Postoffice department. Mr. Heath stated further that whatever he had said or done was a matter of written record in the department, and that such record, together with his letter to

the Postmaster-General, was accessible to the Senate committee.

SHORT SESSION OF SENATOR DIETRICH INVESTIGATION

WASHINGTON, March 16.—The Dietrich investigating committee resumed its inquiry into the charges against Senator Dietrich today.

J. R. Wright, formerly a janitor in the postoffice at Hastings, was called

RAILROADS CUTTING OUT "POLICY" MONEY

Festive Traveling Freight and Passenger Agents Will No Longer Give Wine Parties.

CHICAGO, March 16.—The St. Louis & San Francisco and the Chicago & Eastern Illinois railroads have determined no longer to allow expense accounts for wine feasts among traveling, district and general agents.

For years, it is said, it has been customary for agents of the road to spend what they term "policy" money. On every expense account about one-half of the items have been for drinks, suppers and other expenses incurred in preserving "policies."

The reform is in line with the general rules against intoxicants that are now enforced on all railroads. Up to this time, however, the rules have applied only to the employees of the train and operating departments.

NEW YORK MURDERER WHO WANTS TO DIE

Like Wife Slayer Rose, Sailor Who Killed Ship Captain Says He Desires Death.

ALBANY, N. Y., March 16.—Gov. Odell has received a most extraordinary letter from a man at Sing Sing, condemned to death for murder. The writer, Frank H. Burness, a sailor, convicted of the murder of the captain of his vessel, was to have been executed on February 8th, but the execution was stayed by an appeal taken by his attorneys without the consent of the condemned man.

The writer says he believes himself deserving of the death penalty, which he wants inflicted with all speed possible. He declares he does not want a new trial, as he has a violent temper which he is unable to control and probably would commit other crimes. The Governor will take no action.

AT HOME—ONCE MORE.

In out new warehouses at 51 and 53 South Main street. Our line of pianos and organs is second to none in Utah. Our prices are right and terms easy. Our latching is always out. Vanant and Chamberlain, 51 and 53 South Main street.

NOTABLE DEAD OF DAY.

DR. JAMES BROWLER STANTFORD, Speaker of the Colorado House of Representatives, is dead at Denver of appendicitis. He was born at Penn Yan, N. Y., thirty-five years ago.

JOHN FLOOD, who fought John L. Sullivan nine rounds on a large anchored in the East river near Hell Gate in 1890, is dead in New York of heart disease.

DR. THOMAS R. MUNNIS, formerly Senator from British Columbia and subsequently Lieutenant-Governor of that province, is dead at Vancouver of heart disease. He was a pioneer in British Columbia.

SIR WALTER J. SENDALL, formerly Governor of British Guinea, is dead in London, aged 72 years.

Never Fades.

Record the bill with us—we keep records that won't come off, till they pay.

PALACES STONED BY MAD AUSTRIAN MOB

VIENNA, March 16.—The palaces of Emperor Francis Joseph and Archduchess Clothilde at Budapest were stoned by a mob yesterday evening, resulting in the windows being broken, because the buildings were not decorated in honor of the coronation of 1848. A great crowd of students and workmen, after a demonstration in front of the statue of Post Petof, paraded the streets, and noticing that the palaces were not displaying flags like most of the other edifices, showered them with stones until the police charged and dispersed the rioters. A number of persons were injured and many arrests were made.

THE NEW CITY DIRECTORY.

Folk's Salt Lake City Directory for 1904 is now in press. All parties who have recently made any change in their business or residence location and all new-comers are requested to call at the Directory office or notify us in writing immediately. No further calls will be made by our canvassers and no changes will be taken over the phone.

to show the exorbitant charges in connection with the removal of the old postoffice fixtures from the G. A. B. building to the Dietrich building. The witness stated he knew nothing about the exorbitant charges, although the summary furnished by the District Attorney stated that the witness would testify to frauds in connection with the removal.

The committee adjourned until Saturday when A. S. Rohrer of Hastings, who had been subpoenaed will be heard.

CLAIM OF BEING BARON'S DAUGHTER IS DENIED.

CHICAGO, March 16.—The petition of Mrs. Annie Murphy to be declared the lawful daughter of the late Baron von Glahn was denied today by Judge Carter. Mrs. Murphy was contending for a reduction of the inheritance tax, she having been bequeathed \$10,000 by the Baron's estate. The case hinged on the question whether church records in Brooklyn, N. Y., had been altered to show a marriage had been solemnized between Baron von Glahn and the mother of Mrs. Murphy. The court's decision upholds the validity of a later marriage contracted in Chicago by the Baron.

FIRST BIG IRRIGATION PROJECT FOR IDAHO

Special to The Tribune.

BOISE, Ida., March 16.—D. W. Ross, engineer in charge of reclamation work for the Government in this State, has gone to Minidoka, accompanied by A. P. Davis of Washington, supervising engineer of the Tonto dam in Arizona; George Y. Wisner of Detroit, consulting engineer, and H. N. Savage of San Diego, California consulting engineer.

It is understood they will look over the great Minidoka project for the purpose of finally passing upon the plans for the work.

It is further understood that the Government will proceed with that project. It is planned to irrigate 20,000 acres by means of a canal from a dam in the Snake river, reinforced by a pumping plant for a high line canal.

It is thought this will be the first reclamation enterprise upon which work will begin in this State and it seems likely that construction will be under way before the season shall have progressed far.

CONFUSION OVER PRIMARY LAWS

Special to The Tribune.

BOISE, Ida., March 16.—There has been much confusion caused in this State by lack of knowledge of the provisions of the new primary election law. It has not been understood that the law applies to town and city elections, and in many places the nominations for the city elections on April 3rd have been made illegally.

Attorney-General Bagley announces the law applies to all such elections and must be followed strictly.

It is believed the nominations made by mass meetings and illegally called conventions can be filed by petition. That is the method by which the error will be corrected in most instances, as the time for holding conventions regularly has passed.

TAHOMA MINE AT ATLANTA UNDER BOND

Special to The Tribune.

BOISE, Ida., March 16.—It is reported that the Tahoma mine at Atlanta has been bonded to Salt Lake people for \$50,000. It is an old property and produced a large amount of gold in the early days.

HETTY GREEN JOINS MILLIONAIRE COLONY

NEW YORK, March 16.—Mrs. Hetty Green, America's richest woman, has joined the millionaire colony here by purchasing an upper row on Fifth avenue. She has in recent years maintained a legal residence in Hoboken, N. J., but lately has lived in a rented house in Fifth avenue, near Washington square.

Her new residence is a handsome five-story mansion of the most modern design.

WORN OUT---HEADACHES---DIZZINESS

Mrs. Hollander's Case Like That of Thousands--All Cured by the Celebrated Nerve Vitalizer and

Tonic--Read Her Story--Be Well This Spring--Still More Praise for

Paine's Celery Compound

This is but an example—one case chosen from thousands in our files—of the dull weariness and sickness that afflict so many homes. Thousands of women, married and single, will recognize as their own, these symptoms, described by Mrs. Hollander in the letter in which she acknowledges her debt of health to Paine's Celery Compound.

Mrs. Hollander suffered from:

Weakness, Sick Headaches, Constant Weariness, Constipation, Dizziness, Internal Derangement, Palpitation, Emaciation.

Her Letter:

"Your Paine's Celery Compound has cured me of dyspepsia and constant sick headache. I am sending you this praise of your wonderful medicine so that you can publish it if you think best."

"I suffered since my marriage with dizziness and palpitation, caused by bloating. I have sick headaches four or five times a week, and many a time would be so sick that for two or three days nothing would stay in my stomach."

"My internal organs were practically a wreck, and I would be afraid to eat even soup. I was always constipated, and all the medicine that I took only seemed to leave me worse off than before."

"I grew very thin, and at twenty-two years old my face was beginning to get wrinkled and hollow. A young lady friend suggested Paine's Celery Compound."

"For the first time I spent a week without having a headache or an internal trouble or nausea. I have put on twenty pounds in six weeks, and my husband has not yet gotten over his astonishment."

"I eat anything that I like, and I get a full night's sleep every night and wake up thoroughly refreshed."—MRS. M. A. HOLLANDER, 336 Greene avenue, Brooklyn, N. Y., Dec. 20, 1903.

Her whole system was run down. Every organ was weak, and it was because the blood and nerve forces (which alone can keep the organs working properly), were weak and poorly nourished.

Mrs. Hollander, like the thousands of other grateful women who have written to us, is well today—because she cured the REAL CAUSE of her Weakness, Dizziness, Sick Headaches and Palpitation. She fed her nerve forces—and her blood—with the great tonic vitalizer—discovery of Dartmouth's Great Physician—Paine's Celery Compound.

Learn how much better you can feel—Go to your Druggist Today—Get one bottle—Feel just ONCE that abundant new nerve force made by Paine's Celery Compound—You will NEVER AGAIN be contented with low spirits and poor health.
